### **Information**

All programme fees must be paid using the programme website. Euro prices are shown as an approximation (as of July 2018). Although we would like to facilitate payment in Sterling and Euro, the Survey Monkey Apply software only allow payments to be made in one currency, in this case Sterling. We would like to apologise to our Irish members and other members based outside the UK area for any inconvenience. We will continue with our attempts to persuade Survey Monkey Apply to allow dual payments.
